

Balloon Rockets

What You Need:

- A Long Piece of String
- A Straw
- A Balloon
- Tape
- A Clothespin or Chip Clip

How to Make it:

- Thread the string through the straw.
- Tie it between two sturdy objects, like chairs or tables.
- Blow up the balloon (don't tie it!) and pinch it shut with the clothespin.
- Draw or tape a rocket image on the balloon.
- Loosely tape the balloon to the straw.
- Move the straw to one end of the string.
- Take off the clothespin and let it fly!

Why it Works:
