Make a Gift of Stock

If you have owned stock for more than one year that has gone up in value, you can donate the stock to the NAHF, and receive a tax deduction equal to the fair market value of the stock at the time of the transfer (its increased value), and never pay capital gains tax on the appreciated value of the stock. Consider your long-term publicly traded stock as a potential charitable donation, or consult with your advisor to determine the best asset to contribute. The NAHF will determine the value of publicly traded securities in accordance with Generally Accepted Accounting Principles and the requirements of Treasury Regulations.
